

A Meter of Candy

1. What does it mean to have 100% of something?
2. Can you picture 10%?
3. Why do we say that 100% is a whole thing?
Is that the same as $100/100$?
4. What is 50% of 20 objects? Would that be the same as $50/100$ of 20 objects?
5. What is 50% of 100 objects? Would that be the same as $50/100$ of 100 objects?
